2025

About us:

YASA is a company located in Bogotá, Colombia, with over 40 years of experience in floriculture and more than 20 years specializing in high-quality chrysanthemums. With over 50 varieties, the resilience and quality of our product position us as one of the best in the market. Our operations span 10 hectares, comprising multiple greenhouses and other facilities equipped with cutting-edge technology, enabling us to ensure consistent quality production throughout the 52 weeks of the year. Our total production includes 18,000,000 stems in disbudded chrysanthemums and 4,000,000 stems in spray chrysanthemums. The pillars of our approach are **Innovation, Quality, and Consistency**.

Our Markets: YASA has a strong presence in key markets such as Japan, Australia, Spain, Czech Republic, UK, Germany, and The Netherlands. Additionally, we supply our products to the United States, Canada, Puerto Rico, Jamaica, and the Antilles.

Certifications: By Florverde Sustainable Flowers, Flowers Global Gap, SEDEX, SMETA and Members of Asocolflores.
